

Other Special Instructions

Illness and Misadventure

You are eligible to apply for Illness and Misadventure if:

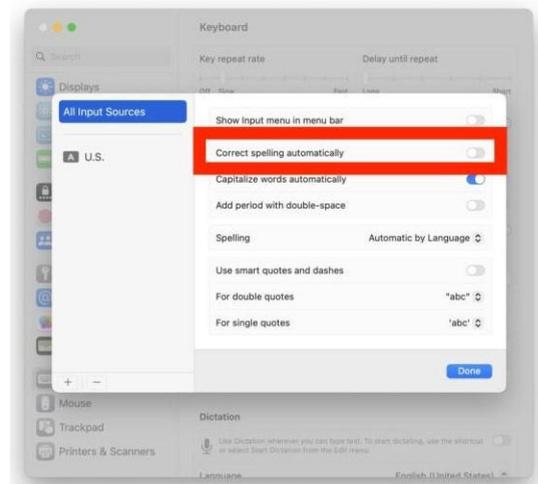

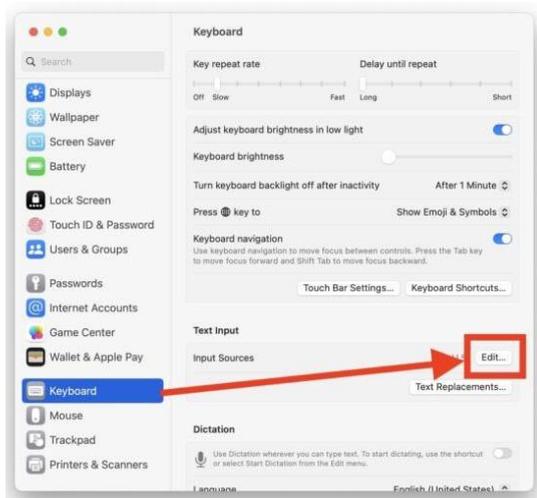

- You experience Illness or any other unavoidable circumstances.
- You experience technical issues.

If you need to fill out an Illness and Misadventure form you will need to provide supporting documentation (i.e. Medical Certificate or a screenshot of your technical issue). Illness and Misadventure forms will only be accepted on the same day as the exam date.

For more information regarding applying for Illness and Misadventure, please contact Student Services at Enquiries@unswcollege.edu.au

How to disable Autocorrect on a Mac

1. Go to the  Apple menu and select “System Settings.”
2. Select “Keyboard” from the menu options.
3. Click on the “Edit” button next to the Text Input Sources section.
4. Toggle the switch for “Correct spelling automatically” to turn off autocorrect.

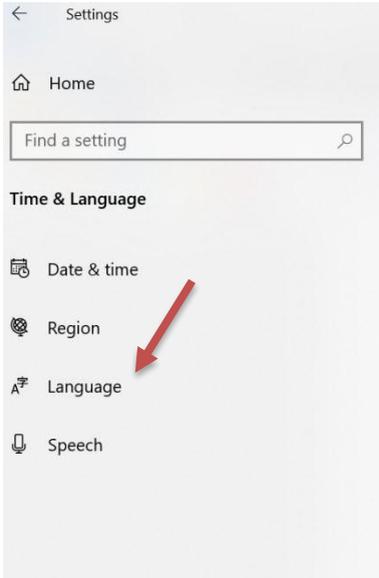

How to disable Autocorrect on Android

- 1 **Open Start** . Click the Windows logo in the bottom-left corner of the screen.
- 2 **Open Settings** . Click the gear-shaped icon in the lower-left side of the Start menu. This opens the Settings window.
- 3 **Click** . It's in the middle of the Settings window.
- 4 **Click the**  **tab.** This option is on the left side of the Devices window.
- 5 **Find the "Autocorrect misspelled words" heading.** You'll usually see it at the top of the window.
- 6 **Click the "On" switch** . It's below the "Autocorrect misspelled words" heading. Doing so causes the switch to turn off  which signifies that autocorrect isn't active on your computer anymore.
