Key Terms

zID (Student ID Number)

You will use this to log into Moodle – your online learning platform, your student portal, Allocate Plus for your attendance, and to access your student email.

Your ZID can be found in the pre-orientation email sent by UNSW College.

Student Portal – JR Plus

Where you can update your personal information and view your results. It is very important that we have your most current contact details.

Moodle

Your online learning platform. You will use Moodle for coursework and assignments in your classes.

MFA (Multi-Factor Authentication)

MFA is required to access Moodle and your UNSW emails.

Activate Your zID

Go to:

<https://iam.unsw.edu.au/home>

1. Find Your zID.

Your zID has been **emailed** to you.

ZID is included in **an email** from UNSW College, you should receive email prior to your orientation.

Search your email for zID to continue your IT Setup.
If you cannot find it in your mailbox, check your spam or bin box.

The email should look like this:

What to prepare

This is your unique zID:

Your zID will be displayed here

Before Orientation, you are required to complete the steps under **Set Up Your Student Accounts** in the "[Get Started](#)" section on your Orientation page using your unique zID.

Get Started

UNSW College

Go to:

<https://iam.unsw.edu.au/home>

The screenshot shows the UNSW IAM home page with a dark navigation bar at the top containing links for Home, Change your password, Forgot your password?, Unlock your account, and FAQs. A yellow button labeled 'ARE YOU NEW HERE?' is on the right. Below the navigation bar are four service tiles. The fourth tile, 'Are you new here?', is circled in red. Each tile includes an icon, a title, a short paragraph, and a button with a right-pointing chevron.

| Change my password | I forgot my password | Unlock my account | Are you new here? |
|--|--|---|---|
| | | | |
| Change my password | I forgot my password | Unlock my account | Are you new here? |
| We pestered you about your expiring password and you couldn't take it anymore. | Don't worry, we've all been there. But that's alright, we'll take care of you. | So your account has been locked. You've come to the right place. We'll help you here. | You're joining the UNSW Family. Welcome aboard! |
| LOG IN > | RESET MY PASSWORD > | UNLOCK MY ACCOUNT > | GET/ACTIVATE MY ZID > |

Click on the 'Are You New Here?' button and fill out the form.

New Students

STEP 1 Tell us who you are: At least one of these fields must be completed *

If you applied through UAC, please enter your 9-digit UAC Number or 8-digit Gateway Number.

Leave blank number from Gateway or UAC

If you have a 7-digit UNSW Student ID, please add the prefix "z" to your 7-digit Student ID

Your zID, eg: z1233456

STEP 2 We will send a 6-digit one-time passcode (OTP) to you, which you will need to enter on the next screen. *

Please nominate where the OTP is to be sent (based on information you provided to UNSW):

- SMS the OTP to my phone, or
- Email the OTP to my personal email address

STEP 3 Prove you are not a robot by retyping the characters that follow: *

I have read and accept the [Acceptable Use of UNSW Information Resources Policy](#)

UNSW College

Set Up Your MFA

This is a compulsory UNSW security requirement.

There are **2 steps** to setting up MFA (Microsoft Authenticator)

To complete this task, you will need

- Your zID@ad.unsw.edu.au account and password.
- A compatible smartphone with data connection.

Step 1:

Install the Microsoft Authenticator app **on your mobile**.

Part 1: Install the Microsoft Authenticator app on your smartphone.

1. **On your smartphone**, Install the **Microsoft Authenticator app**.

- a. In your smartphone's app store (such as Google Play or App Store), search for the free **Microsoft Authenticator app** as shown.

Be aware! Microsoft Authenticator app is free and will not require a subscription.

Alternatively, you can [get the app on your phone](#) by scanning a QR code with your phone.

Note:

If you have **Huawei/HONOR** smartphones, you may not be able to download Microsoft Authenticator APP directly.

If this happens, you need to download an app called Gspace (www.gspaceteam.com), then log in their Google Account and download the Microsoft Authenticator app from the Gspace app.

Part 2: Register Microsoft Authenticator on your computer.

Part 2 has 13 steps. Please follow all steps to ensure that registration is complete.

1. **On your computer**, open a web browser, (E.g., Chrome, Microsoft Edge, or Safari) and start an *Incognito*, *InPrivate* or *Private* window by pressing:

Ctrl + Shift + n (for Windows, Linux, or Chrome)

OR

⌘ + Shift + n (for Mac)

Please close any other active browser windows leaving only the current Incognito/ InPrivate /Private window open.

- a. Copy and paste this url into that window <https://aka.ms/mfasetup>

2. **On your computer**, at the *Sign in* window, sign in by entering your `zID@ad.unsw.edu.au` and password.

A screenshot of the UNSW Sign in window. At the top left is the UNSW Sydney logo. Below it is the text "Sign in". There is a text input field containing "zID@ad.unsw.edu.au". Below the input field is a link that says "Can't access your account?". To the right of the input field is a blue "Next" button. At the bottom of the window, there is a grey box containing the following text: "Refer to UNSW Identity Manager to reset your password.", "Refer to Multi-Factor Authentication for help to set up MFA and keep your account secure.", and "For assistance please contact the UNSW IT Service Centre on +61 2 9385 1333".

3. **On your computer**, at the *More information required* window, click **Next**.

A screenshot of the UNSW More information required window. At the top left is the UNSW Sydney logo. Below it is the text "More information required". There is a text input field containing "z9999200@ad.unsw.edu.au". Below the input field is the text "Your organisation needs more information to keep your account secure". There is a link that says "Use a different account" and another link that says "Learn more". At the bottom right of the window is a blue "Next" button.

4. **On your computer**, at the *Start by getting the app* window click **Next**.

5. **On your computer**, at the *Set up your account* window click **Next**.

You will be shown a QR code on your computer screen.

6. **On your smartphone**, Open the Microsoft Authenticator app, allow notifications/access to camera (if prompted), and

- a) Tap the **+** (Plus) sign
- b) Tap **Work or School Account**.
- c) Tap Scan QR code

7. **On your smartphone**, use the Microsoft Authenticator app to scan the QR code shown on your computer screen.

The app should successfully add your work account on your smartphone.

8. **On your computer**, after your phone has recognised the QR code scanned, click **Next**.

Hint: If you are using a second monitor and having trouble scanning the QR code shown on your second monitor, try moving the QR code screen to your primary monitor, e.g., your laptop monitor.

*If you are still unable to scan the QR code, click the **Can't scan image?** option and follow the prompts.*

9.

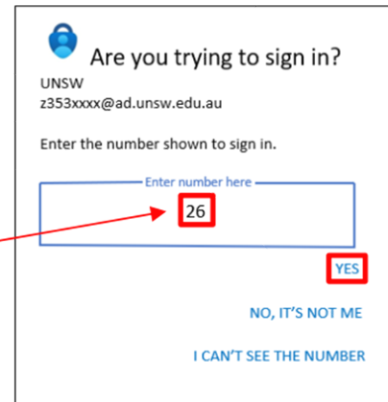

On your computer

You will be presented with the *Let's try it out window* which includes a 2-digit number. Now a push notification will be sent to your smartphone.

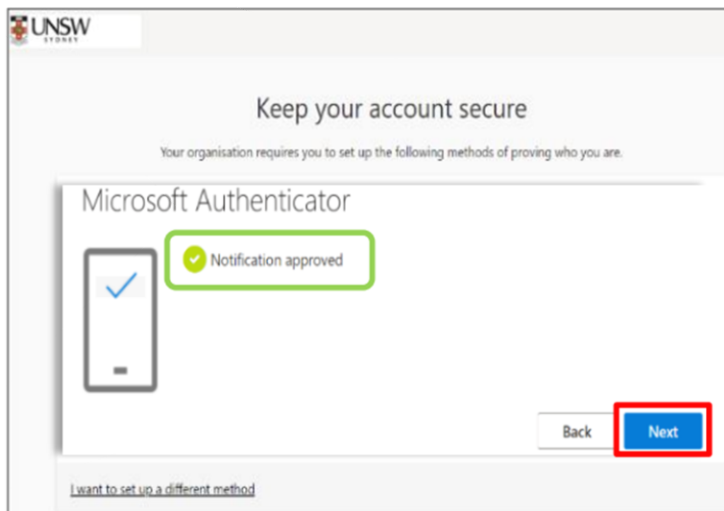

On your smartphone

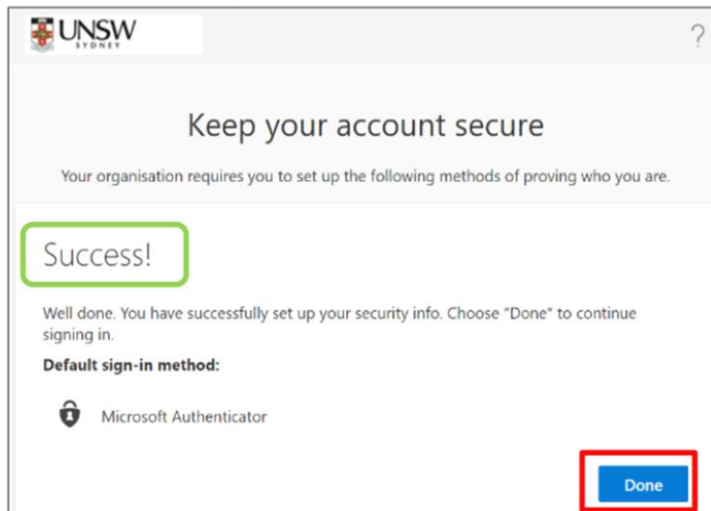

A push notification will ask you to verify your sign-in, enter the 2-digit number from the computer/sign-in screen into your smartphone & click YES.

10. **On your computer**, at the *Notification approved* screen, click **Next**.

11. **On your computer**, at the *Success* screen, click **Done** & close the browser.

Important to note:

1. You only need to set up MFA one time.
2. Do NOT DELETE or un-install the MFA app on your phone.
3. If you get a new phone, you need to call UNSW IT on (02) 9385 1333 and ask them to disconnect your MFA account from your old phone. This is because your MFA can only be linked to one device.
 - Once you call (02) 9385 1333, you will hear a few choices to ensure you are directed to the right team.
 - Press 1 on your keypad, and then press 4 to be taken to MFA support.

After that, you can reconnect MFA to your new phone (by following the above steps again).

OPTIONAL: Update your preferred name

Here are a few important details to note:

- If you add a preferred name, it will appear in Allocate+ and will replace your first name on Attendance pages.
- In the Student Portal and other internal systems, your legal name will remain unaffected and will continue to be displayed along with your preferred name (if you choose to upload one).
- Please keep in mind that legal names remain editable only by College staff and only if providing supporting documentation. To request a change on your legal name, please [email the Enrolments Team](#).

We encourage you to update your preferred name if you would like it to be displayed across the systems.
